

# ABOUT US

EDEZA Trading LLC was founded in 2012 and is registered under the rules of Dubai-UAE. Today, EDEZA is a reliable partner for its customers in the industrial sector.

EDEZA focused on the supply and engineering support services. We are the "solution providers" for our customers and are working with a number of end users and contractors. Through our relations with the world's leading manufacturers of its segment, we are able to offer the best possible "solutions" to our customers.

# WHY EDEZA?

Known as one of the popular enterprises which has become synonymous with quality meeting high standards, EDEZA offers top notch service and tailor- made best-in-class products to the clients each time. Our products range from most simple to most advanced level and we provide the prime solution for all your needs.

# MISSION

Our mission is to accelerate our enterprise image by achieving new benchmarks of quality and perfection and to provide the "solutions" that will be relevant and effective for the future use.

# VISION

Our vision is to become the best partners for our customers by becoming trustworthy conduits for delivering innovative and effective products and services in the electrical and mechanical niche.
